Aicsys NEWS October 2024

Key Features:

IP65 Waterproof Rating: Ensures durability and reliability in harsh environments

High Contrast LED Backlight Panel: Provides clear and vivid images even in bright conditions.

Compact Design: Fits perfectly in 19-inch rack cabinets, making it ideal for space-constrained setups

Optional USB Touchscreen: Enhances user interaction and control

The Medusa RMD17 IP LCD Monitor is the perfect solution for industries looking to upgrade their display technology without compromising on quality or durability. With its robust design and advanced features, it is set to become an essential component in industrial setups worldwide.

About AICSYS: AICSYS is a leading provider of premium industrial computer products, offering a wide range of solutions to meet the needs of various industries. Their commitment to innovation and quality has made them a trusted name in the industry.
